MARTINS - INTERIOR You are welcomed into Martins through an Entrance Door into a circular turret with two windows and an opening into the capacious Kitchen/Dining/Sitting Room. This is incredibly light having windows to all aspects. The Kitchen area has a range of warm oak veneer units with elm worktops over including a piece of marble in the worktop for baking and shelving above. There is an electric oven with hob over and extractor above, under counter fridge and freezer and dishwasher. There is a stainless-steel double sink and drainer with mixer taps over. There is plenty of space for dining and the Sitting Room area has a wood burner sitting on a tiled hearth. There are views over the pond from the Sitting Area along with double doors leading out to a large, decked area overlooking the fields. By the dining table and chairs there are double doors out to a Garden Room which has electric underfloor heating, space for a washing machine and built in cupboards. Further double doors lead out to the patio area and gardens beyond. Set back in the open plan living area is a screened off area (which could easily have a stud wall built) to make a private third Bedroom. A downstairs cloakroom comprising wash hand basin and wc. There is a deep understairs cupboard and all the flooring is reclaimed wood. A solid wood staircase leads up to the first floor where there is a further reception room which could easily be subdivided to have a further two bedrooms or a bedroom and reception room. There is a wood burner sitting on a tiled hearth. Two sets of doors with Juliette balconies, one overlooking the pond and the other over the open countryside and the room is triple aspect. There is a deep shelved cupboard useful for storage. A door to the left leads into the turret shaped bathroom with a bath with shower over and two windows giving lovely views with wc and wash hand basin. A door ahead leads into the Main Bedroom which is dual aspect and has a walk-in wardrobe cupboard and a further shelved cupboard. From the reception room there is a steep staircase leading to a mezzanine level with a triangular window and a perfect area for reading. A double bedroom has a diamond window overlooking the countryside and a door leads out to a turreted viewing area which has to be seen to be experienced for the amazing Suffolk skies. This completes this unique property which is fabulous and still has potential.

Martins was built as an eco-house using sustainable building materials, recycled roof tiles, recycled bricks and pine doors from the Victorian cottages which were on the site (they had a demolition order on them), large double glazed windows for passive heat, very well insulated walls and ground floor with Warmcel insulation. All this creates a very inexpensive, wholesome, calming atmosphere to live in.

MARTINS - EXTERIOR There is a five bar gate leading to a large driveway with ample parking for several vehicles and room to build either a cart lodge or garage (stpp). A useful storage container is tucked away behind some foliage and is perfect for dry storage. There is a pond in one corner and Martins has been planted all around the exterior with unusual and interesting planting. There is a patio area perfect for outside dining, a well and a large, decked area with amazing field views.

TENURE The property is freehold and vacant possession will be given upon completion.

SERVICES Oil fired central heating, mains water and electricity, Wood burner to the Sitting Room and Reception Room upstairs. There is a private treatment plant with no moving parts and does comply with the 2021 regulations.
