

Broadland Gardens, Plymstock

Green. Family. Future.

Welcome to Broadland Gardens

Broadland Gardens offers you the chance to live in an exceptional family home that will grow and adapt to whatever life throws at you. With a commitment to quality and design, our homes are sustainable, flexible and built to last.

Broadland Gardens is a new community comprising 10 family homes around a central green space. Every home has been individually designed by award winning local architects Clifton Emery Design to be contemporary in appearance with a focus upon the quality of the living environment.

The development is entirely gas free with homes heated and powered through renewable and low carbon technologies. All homes exceed national space standards, have a garden, two allocated parking spaces and electric vehicle charging as standard.

At Broadland Gardens we are introducing the Plymouth Home Standard; taking design inspiration from the flexibility, simplicity of form and use of materials that is characteristic of Plymouth's 19th Century housing to provide homes that are fit for now and fit for the future.

We want these homes to raise the overall bar in the standard of housing delivery in the city and demonstrate it is possible to deliver modern homes with a commitment to quality design, build and living.

Green. Family. Future.

A view looking across the central green space.

Broadland Gardens is well served by public transport and is only a short drive to the vibrant city centre of Plymouth which is bustling with exciting shopping and dining and leisure opportunities - the jewel in the crown being The Royal William Yard. Other cultural offerings within Britain's Ocean City are: the award winning museum/gallery, 'The Box', The Hoe foreshore providing direct access to and stunning views over the National Marine Park of Plymouth Sound and the historic quarter of The Barbican where the UK's largest aquarium, The National Marine Aquarium (NMA) is located.

Homes in Plymstock have traditionally been in high demand, as the area benefits from easy access to the waterside, numerous opportunities for countryside and coastal walking, good public amenities, excellent sporting facilities and highly regarded primary and secondary schools. Additionally, the area is perfectly situated to explore the beautiful local beaches and quintessential market towns and villages of the South Hams, an Area of Outstanding Natural Beauty. The Dartmoor National Park, serves as a stunning backdrop to the region.

Fit for now...

The homes have been designed to be fit for living in today with an eye to how they can be adapted to be fit for the needs of tomorrow. This means that they provide for flexible living – responding to changes in the lifestyle of occupiers over time. They are also responsibly designed so that they are energy efficient and minimise their impact on the planet.

Flexibility. They are great places to live for moving in straight away and can be changed in different ways to suit different requirements. Each new home is designed so that; lofts that can be easily converted to provide more living space – including the ability to add a stair to get there, living spaces can be open plan or subdivided into smaller rooms, outdoor spaces

New home

1. Open plan living
2. Bedroom
3. Spare bedroom
4. Storage
5. Loft space / storage

Growing family

1. Open plan living
2. Bedroom
3. Nursery
4. Home office
5. Loft space / storage

can be adapted for car or garden use, and the pod can be used to suit individual home owners.

Saving the planet. Each home has energy efficient walls and windows, good levels of insulation, light and airy interiors with big windows allowing daylight in – reducing

the need to switch lights on in the day, air source heat pumps for sustainable heating, solar panels on the roof, electric car and bike charging, manually operated vents on the roof to draw air through and cool rooms during hot weather and the ability to harvest rain water for use in the garden.

Extended family

1. Open plan living
2. Bedroom
3. Home office
4. Annex / bedroom
5. Bedroom

Sustainable home

1. Maximise natural light
2. Air source heat pump
3. Solar panels
4. Electric vehicle charging point
5. Fabric first - optimal insulation year-round

Fit for the future.

The Pod.

1. Bedroom
2. Utility / storage
3. Games room
4. Home office
5. Living room / snug

The pod is an ingenious addition to some of the homes. It allows owners to make their house fit the way they like to live. The pod is a flexible room that can be many things. It can be a music room, a library, a study, a home

office, a play room, a hobbies room, a games room, a snug, a workshop, a guest bedroom, a home cinema, a sitting room, a gym, a cycle pod. Where ever your imagination takes you – the choice is yours!

Imagine a place...

Key plan.
