3 High Barn

Lyth, Kendal

Number 3 is stone built under a slated roof and is the end terraced of three properties briefly comprising open plan living room and kitchen with separate utility to the ground floor, three bedrooms and bathroom to the first floor and two further bedrooms to the second floor. Let privately since conversion it is now offered for sale on the open market for the first time. It would be fair to say that some cosmetic upgrading will be required but what it lacks in modern fixtures, it more than makes up for in terms of space and potential. There are double glazed windows in stained wooden frames, stained internal joinery, flush internal doors and wall light points in the sitting room and three first floor bedrooms.

The scattered village of Crosthwaite is set in the undulating and highly picturesque Lyth Valley. At the head of a private drive and benefiting from an elevated setting which provides far reaching panoramic views, The High farmstead is a small residential development including one substantial barn which in the early 2000s was converted into three dwellings, an additional detached barn conversion, the original farmhouse and attached cottage. These six properties are all individually designed and to some degree each one enjoys the fabulous far-reaching views of the valley and Lakeland fells.
