Swallowholme

52 Ellerthwaite Road, Windermere

Looks can be deceiving, and this situation is a prime example of that– A modest three-story traditional Victorian residence, constructed in 1902, offers captivating and well-proportioned living spaces with numerous original Victorian architectural elements. These include decorative coving, high ceilings, and deep skirting boards, all spread across three floors. The house has been occupied by the same family since 1962, during which time the house has been utilized as both a sizeable family home and a guest house with a renowned “Swallowholme Full English Breakfast” on offer to all the guests. After over 60 years in the same ownership this quaint and full of Lakeland charm, character house is in need of renovation and ready for the next generation to put their mark on it. Currently the property provides two large reception rooms, a kitchen and rear utility room, six bedrooms (four doubles and two singles) and a house bathroom. Being end terrace, there are gardens to three sides (the side garden faces south east and is a lovely sun trap. There is also the advantage of a single garage and a driveway with parking for three cars.

Exceptionally conveniently placed, Swallowholme is tucked away off the main thoroughfare making it a quiet and very accessible place to live. From here you can walk into Windermere and slightly further a field but still within walking distance is Bowness on Windermere. Between the two village centres you'll have access to a wide variety of shops, a whole host of places to eat and drink and general amenities such as doctors, dentists, opticians, vets and post office. In Bowness there is a three-screen cinema and a theatre. There is easy access to a network of footpaths straight from the door, including great walks up Orrest Head and School Knott close at hand.

The house would suit a wide range of buyers as it's ideal as a permanent home, second home or holiday let investment. Swallowholme is especially fitting for those interested in a renovation project, as it presents a versatile and well-proportioned layout that requires substantial work and offers ample room for improvement.
