Description

2 Chantala Close is a detached house built in 2017 as part of a bespoke development of just four dwellings. The house, which is of timber frame construction on a brick plinth has painted Siberian Larch cladding under a tiled roof. The quality of the build is clear throughout with features such as composite doors and windows which are aluminium on the exterior and timber on the interior. There are tiled floors on the ground floor with underfloor heating throughout both the ground and first floor. Of particular note is the south facing veranda and decking which overlooks the rear garden. The property benefits from the remainder of its NHBC warranty.

A porch to the front of the house has glazed double doors opening to the hallway. There are stairs to the first floor landing with an under stairs cupboard. Doors lead off to the sitting room, utility room, downstairs shower room and also the kitchen/dining room. This triple aspect room has a north facing window to the front of the property, an east facing glazed door to the side, and bifold doors opening up to the decking and veranda. There are a range of high and low level wall units with an integrated dishwasher, two full size ovens and free standing fridge and freezer. In addition, there are woodblock effect work surfaces with a four ring induction hob and extractor fan. There is also a one and a half bowl stainless steel sink. The triple aspect sitting room has south and west facing windows, as well as east facing French doors opening up to the decking/rear garden. The focal point of the room is a contemporary wood burning stove with feature tiles. There is also wood effect tiled flooring. The utility room has space and plumbing for a washing machine, tumble dryer and fridge. There are high level wall units and a glazed door and window to the exterior. Also on the ground floor is a shower room with WC, handwash basin with cupboard below, shower cubicle and non-slip tiles.

On the first floor landing there are windows to the front and rear. There is a built in storage cupboard and a good size airing cupboard with hot water cylinder, pressurising tank and slatted shelves. Doors from the landing lead to the three bedrooms and bathroom. The principle bedroom is dual aspect and has a window overlooking the rear garden. There are fitted wardrobes with hanging rails and shelving. A door provides access to the en-suite shower room. This has a WC, hand wash basin with cupboards below, shower unit and towel rail. In addition, there is a window.

Bedroom two and three are both dual aspect double bedrooms and one has fitted wardrobes. The bathroom comprises a shower, bath, WC and hand wash basin with cupboard below. There is a towel radiator, recessed spotlighting and window.

Outside

The property is approached from the road via a driveway leading to the four dwellings, upon which, number 2 has a right of way and is responsible for one quarter of the cost of maintenance. This leads to a brick paved parking area for up to three vehicles. Adjacent to this is the garage which is attached to the house. This has a remote control electric garage door to the front. Internally, it measures 17'4 x 11'. It is currently used as a hobby room and is fully insulated. This is home to a water softener and has a window to the rear and personnel door to the exterior. There are pathways to either side of the house that lead to the rear garden. Abutting the house is the larch decking and the veranda. Beyond the decking is an area of lawn which is enclosed by mature shrubs and trees which include a beautiful mature copper beech, acer, silver birch, black elder and pleached hornbeam which offer excellent privacy. In addition are raised beds with alpine and perennial plants. The garden is fully enclosed by six foot fencing, and is dog proof. In addition is a five person hot tub and adjacent to this is a timber garden shed which has power connected, a light and is insulated.
