Location

1 Widows Nest will be found in a semi-rural position along Shop Street and backing onto open agricultural land at the rear. Worlingworth is a rural village which benefits from an 'outstanding' primary school, The Swan, which is the village pub but also a well stocked shop, village hall/community centre and playing field, which hosts many activities.

Worlingworth is just 7 miles from Framlingham, which is best known locally for its fine medieval castle. Here there is a further choice of schooling in both the state and private sectors, as well as a variety of shops including a Co-op supermarket, medical centre, public houses and restaurants. The nearby villages of Stradbroke (5 miles) and Debenham (6 miles), as well as the market town of Eye (5 miles from the village sign), all offer day-to-day shopping and medical facilities, as well as further excellent schooling.

The Heritage Coast, with the popular resorts of Southwold and Aldeburgh, is within easy driving distance. For commuters, the main railway station at Diss provides direct services to London's Liverpool Street station, Ipswich and Norwich. Located approximately 12 miles from the property, Diss also offers an 18-hole golf course, tennis and squash clubs, an indoor swimming pool and gym, as well as Tesco, Morrisons and Aldi supermarkets. Just under 20 miles to the south of the property is the county town of Ipswich, which offers further national shops, services and a train station.

Description

1 Widows Nest comprises a spacious Grade II Listed four bedroom detached house with established and private gardens and grounds of approximately 1.75 acres (0.72 hectares).

According to the Listing Schedule, the original core of 1 Widows Nest, which is of timber frame construction with rendered and colourwashed elevations under a pantile roof, is believed to date from the 15th Century, but with an earlier 20th Century colour washed brick and pantile extension on the western gable elevation.

The property offers a very good amount of accommodation extending to approximately 1,650 sq ft in all, comprising a substantial 20' sitting room, dining room, kitchen/breakfast room and cloakroom on the ground floor, together with four bedrooms and a bathroom on the first floor.

What really sets 1 Widows Nest apart, however, are the impressive gardens and grounds. In all, these extend to approximately 1.75 acres (0.72 hectares) and include a number of established and maturing specimen trees together with an orchard area. The south facing rear garden is not overlooked at all and backs onto open agricultural land.

Outside

1 Widows Nest is set well back from the village street and approached over a concrete driveway that leads to a five bar gate opening onto the gardens and grounds. We understand that the neighbouring property, 2 Widows Nest, benefits from a right of way over the driveway to their parking space beside their cottage. To the west of the driveway are part of the gardens and grounds that serve 1 Widows Nest. This area comprises a pleasant **orchard area**, that includes a number of maturing fruit bearing trees including cherry, apple and plum. Around the perimeter of the orchard are a number of established trees and hedging that provide a good degree of privacy, with further established oak, horse chestnut, willow and cherry trees to the rear. Towards the end of the driveway, and just before the five bar gate, is a parking area. Beside the property is an area of concrete that provides a further area for the parking and turning of vehicles and here there is a useful **storage shed** with light and power connected.

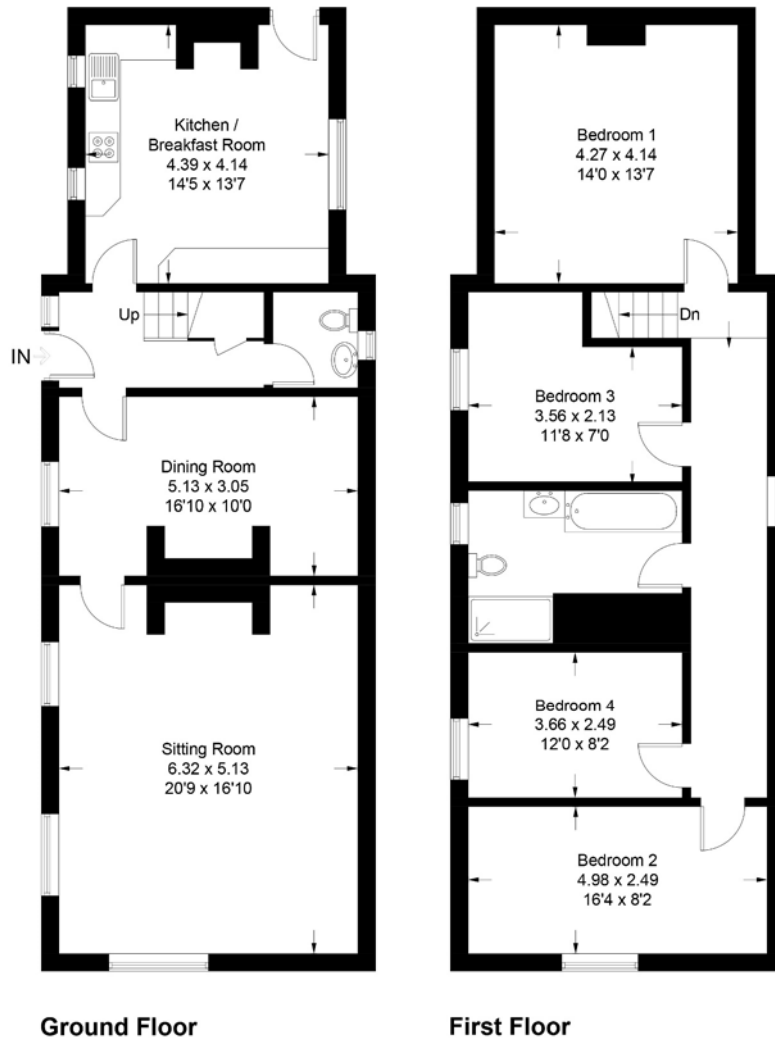

Site Plan - Indicative Only

The majority of the gardens and grounds are to the rear and facing almost due south these enjoy the sun throughout the day. The garden is predominantly laid to grass for ease of maintenance, but interspersed with a variety of established and maturing specimen trees and shrubs. The rear garden is almost entirely enclosed with post and stock proof fencing, together with established hedging in part, creating a very private area indeed. In the south-eastern corner of the garden there is also a patio area with **summerhouse**. Other buildings include a useful **timber frame garden storage shed** and a **greenhouse**, together with a range of more dilapidated garden sheds. In all, the gardens and grounds extend to approximately 1.75 acres (0.72 hectares).
