Location

Swift Cottage is situated on the boundary of the pretty village of Alderton, which is within walking distance of the sea. Within three miles of the property, to the west, is the popular and unique Ramsholt Arms public house, from where there is sailing on the river Deben. To the south is Bawdsey Quay with a sailing centre, café, sandy beach and foot ferry to Felixstowe.

Bawdsey primary school is in close proximity. The town of Woodbridge is about 20 minutes by car and this popular town offers excellent schooling in both the state and private sector as well as pubs, restaurants, shops and businesses. From Woodbridge there are trains to Ipswich connecting with direct rail services to London's Liverpool Street station.

Description

Swift Cottage is set in a lovely position between Alderton and Bawdsey and takes full advantage to both the front and back of views over farmland. It benefits from superb sunrises and sunsets.

The period cottage is believed to be of brick and timber framed construction with rendered elevations under a tiled roof. It benefits from timber and UPVC double glazed windows throughout. The vendors have carried out an extensive refurbishment programme during their tenure and the cottage is now presented in a stylish and contemporary fashion.

Accessing the cottage from the rear, French doors lead to a UPVC conservatory which is ideal as a garden/boot room. A stable style door leads to the kitchen/breakfast room. This has been fitted with impressive high and low level wall units and a Franke sink and Nivito mixer tap above. There is an integrated fridge/freezer as well as a dishwasher, electric oven and induction hob. In addition is a hidden, freestanding washing machine and tumble drier. The triple aspect room has French doors opening out to the garden and benefits from lime washed floorboards. A doorway opens to an inner hallway where there is a built in airing cupboard, a door to the sitting room and further door to the downstairs shower room. This has been refitted with a stylish shower, hand wash basin and WC. The dual aspect sitting room has limewashed floorboards as well as a brick fireplace which is home to a woodburning stove. A floating staircase leads to the first floor landing and there are feature radiators. From here there is access to a dining room or study which has a vaulted ceiling with exposed timbers and a window and door leading out to the garden.

From the first floor landing, there are windows with field views. Doors lead off to the three bedrooms, all of which have been used as doubles. The dual aspect principal bedroom has a newly fitted en-suite shower room with high quality units.

From the road, a drive leads to a parking area with ample space. Adjacent to this is an extensive studio. This has in the past been used as a gym, office and overflow accommodation. It is envisaged that someone may wish to convert it to an annexe or holiday unit and plans have been drawn up for this use. It is currently subdivided into two sections and in total measures approximately 15' x 23'.

Beyond the parking area and studio is the garden. This is predominantly laid to grass but contains an abundance of trees including an orchard. In addition are walnut trees and a sweet chestnut. The garden enjoys lovely views over the adjacent farmland. Within the grounds is a container and whilst very useful for storage, it was the vendors intention to convert this to a home office, den or outside eating area. Adjacent to this is a brick built workshop or store. It previously housed a wood burning stove and could make for a home office. It measures approximately 12' x 10'.

In total the grounds extend to 0.43 acres.
