Location

Wheel Forge forms part of the well regarded, rural village of Bedfield. The village benefits from a primary school, which forms part of the St Edmundsbury & Ipswich Diocesan Trust. There is also a playing field with cricket pitch. Further facilities can be found in the historic market town of Framlingham, which lies approximately 4 miles to the south-east. Here there are schools in both the state and private sectors. There are also a number of excellent pubs and restaurants, as well as other shops and businesses. The large village of Debenham lies approximately 4½ miles to the south-west and offers further facilities including a medical practice, small Co-op supermarket and one of the most highly regarded high schools in East Anglia. The county town of Ipswich lies about 17 miles to the south. From here there are direct rail services to London's Liverpool Street station, which take just over the hour. Suffolk's Heritage Coast is about 20 miles to the east, with links to Aldeburgh, Southwold and Orford.

Description

Wheel Forge is an exclusive new development of just nine new homes, which is nearing completion, by the local developer, Bedfield Developments Ltd.

The external finishes at Wheel Forge, as depicted in the computer generated images, will be in the traditional Suffolk vernacular, but include contemporary styling with a combination of brick and rendered elevations set beneath pantile and plain tile roofs, together with aluminium frame bi-fold doors and UPVC windows.

The development will include a pair of 3-bedroom semi-detached houses, three 3-bedroom detached bungalows, a 3-bedroom detached house and three 4 bedroom detached houses. Each of the properties will enjoy a generous landscaped plot, together with car parking or garaging facilities.

Inside the properties will be completed to a high standard, with quartz worksurfaces and upstands in the kitchen together with Bosch appliances. The bath/shower rooms will be fully tiled and fitted with Roca sanitary ware as well as underfloor heating. Flooring will be included throughout the properties comprising a combination of tiling and carpets. The windows will be of quality, low maintenance and energy efficient UPVC design, whilst the bi-fold doors will be aluminium framed. Being newly constructed properties, each will be extremely energy efficient with a Samsung air source heat pump serving the hot water and central heating systems. A full summary of the specification is available from the agents on request.

Each property will also benefit from a 10 year structural warranty, provided by ICW., and the target build completion date is September/October 2024.
