HOMES

About Kingswood Homes

Kingswood Homes is a residential development company, which specialises in building energy efficient 'A' rated, high quality practical homes in the Midlands.

All our homes, small or large are built with the same high level of quality finish and attention to detail.

Choosing the right location for our developments is essential and great care is taken in the selection of each developments location.

Each of our properties are designed for living to ensure that the layout is practical and an enjoyable place to live.

Our homes are designed for life so each property is constructed using traditional approaches to construction with proven building techniques, craftsmanship and materials.

We take a bespoke approach to all of our developments to create distinctive properties that truly stand out from the crowd. Whilst all developments are unique, they all share the core Kingswood principles of expert design and high quality craftsmanship.

We build all over the Midlands including, Warwickshire, West Midlands, Worcestershire, Leicestershire, Staffordshire and some selected sites in the South West.

Introducing Millwood Gardens

Millwood Gardens offers the opportunity to own an individually designed 3 or 4 bedroom home only 7 miles from Birmingham City Centre and 4 miles from Solihull Town Centre.

Located off Baldwins Lane, Hall Green, this exciting new development of 6 semi-detached and 2 detached homes boast an energy efficient, bespoke specification that include high quality en-suite bathrooms and spacious living areas.

Each property includes a high level of finish complete with a professionally designed kitchen including Quartz work surfaces, integrated appliances and contemporary finishes.

Along with landscaped front gardens, each property boasts rear gardens with a patio, lawn and planting, an Electric vehicle charging point and a 10 Year ICW Structural Warranty.

An abundance of energy efficient features are included such as 'A' rated kitchen appliances and PV Solar panels meaning that each property is rated as an 'A' rated home.

A superb specification

Complementing our high construction standards is a striking level of detail in specification and finish throughout the property.

Each property boasts a master bedroom with an en-suite bathroom that includes full height ceramic tiling, vanity storage units and chrome finishes.

The quality and detailed finish is found throughout the professionally designed contemporary kitchen which include Quartz work surfaces and integrated appliances including oven, microwave, fridge freezer and dishwasher.

The sense of quality continues through the property with large format ceramic floor tiling layed across the ground floor, whilst a luxury carpet is fitted within the living room, stairway and bedrooms.

All internal doors within the properties are Oak veneer solid doors finished with chrome door furniture and chrome sockets and switches are specified throughout the ground floor and landing areas.

Kitchen

- Professionally designed shaker style kitchen.
- Quartz work surfaces to kitchen with upstand.
- Laminate worktop to utilities with upstand, stainless steel sink and mixer tap.
- Stainless steel under mounted sink with engraved drainer and Franke chrome plated mixer taps to kitchen.

- 'A' rated Ideal gas combi boiler for heating and hotwater.

Additional Details

- 10 Year ICW Structural Warranty.
- High levels of insulation in roof, walls and floors to limit heat loss in the winter and reduce heat gain in the summer.

Environmental Details

Predicted energy efficiency:

Rating 'A'

The energy certificate to all plots will be a minimum of 92 rating.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

How we achieve an 'A' rated home

1. Photo-voltaic panels
Capture the sun's energy and convert it into electricity that you can use in your home. PV panels are included on every property on this development.

4. 'A'-rated appliances
We aim to only install appliances in your home that are 'A'-rated, ensuring low costs for your new home.

2. High performance insulators
A typical house with no insulation loses 33% of heat through its walls and 25% through the roof. To combat this we install high performance insulation in our homes to keep you warm and reduce energy loss.

5. High-performance UPVC triple glazed windows
Energy-efficient glazing keeps the warmth inside your home, leading to a reduction in energy bills, and also added soundproofing from the outside world.

3. Low energy lighting with LED technology
Energy efficient lighting helps lower electricity bills and carbon dioxide emissions without reducing the quality of light in your home.

6. Air leakage tested
As part of the build process all our homes are tested for air leakage to eliminate cracks and gaps whilst ensuring proper ventilation.

7. Thermostatically controlled radiator valves

Self-regulating thermostatic radiator valves (TRVs) are used on all radiators to control the air temperature in a room and help to adjust your heating perfectly.

8. Electric car charger (7kW)

Charge your electric car at home with our dedicated home car charging points. This is not only convenient but works out cheaper than filling up a traditional petrol or diesel car.

9. Dual flush mechanism to toilets.

This reduces water consumption.

10. Solidor composite front doors offers superior thermal efficiency and security

How much will you save on energy bills?

Average energy bill calculations are based on energy consumption data from the EPCs of all homes for sale on Rightmove in August 2024, combined with the latest energy meter data, factoring in the latest energy price cap for July - September 2024.

Millwood Gardens - the ideal location

Nestled in a secluded location in Hall Green, Millwood Gardens is ideally situated just 7 miles south of Birmingham City Centre.

With Robin Hood Island less than 5 minutes walk away, residents enjoy quick and convenient transport links to the heart of Birmingham and Solihull.

The area offers a wide range of local amenities including vets, dentists and pharmacies, as well as an array of shops in nearby Hall Green and Shirley. Major supermarkets such as Waitrose, Asda and a 24-hour Tesco are also easily accessible.

Families will appreciate the abundance of well regarded primary and secondary schools in the area, many of which are rated 'good' or 'outstanding'. For those who enjoy outdoor activities, green spaces such as Trittifford Mill Park and Shirley Park provide picturesque spots for relaxation or exercise.

Just 5 miles away, Junction 4 of the M42 offers excellent connectivity, providing quick access to Birmingham Airport and Birmingham International train station.

Our construction guarantee

With every property comes peace of mind courtesy of the 10 year ICW structural warranty that we provide with every purchase.

The new home warranty covers defects in design, materials and workmanship as standard. On completion of construction, you will receive a final new home warranty certificate, insuring your new home against latent and structural defects.

We realise that purchasing a home is the most important purchase you'll make and we want it to be perfect for you. We'll remain on hand to deal with any small matters that may occur until your new home is perfect for you.

ICW
INTERNATIONAL CONSTRUCTION WARRANTIES

Providing you with a **10 year structural warranty**
