LANCASTER

Situated within the protection of a Conservation Area, this attractive semi-detached house was built in 2015/16 by local developers P J Livesey. It forms part of the larger and prestigious development of The Residence, altogether creating an attractive mix of styles and sizes of properties which inevitably and successfully appeal to a wide cross section of owners and occupiers. Spacious, light and well planned, the accommodation has been finished to a high standard (such as brushed chrome sockets and switches throughout) and further upgraded by the present owner (fitted wardrobes and a fabulous, landscaped back garden), the house is well presented, attractively decorated in a contemporary palette of muted colours and ready to move straight into with no upward chain.

Stone flagged steps and for step free access, a separate flagged ramp lead, to a covered porch spans the front door and opens to a hall with a deep, shelved understairs cupboard. The cloakroom is roomy with a tiled floor and part tiled walls, there is a loo, floating wash basin and chrome heated towel rail. It too has a handy storage cupboard. The living space is open plan with a generously proportioned sitting/dining room which spans the rear elevation and has bi-folding doors out to the garden and a lovely view over the garden to the tree line at the far side of the adjoining playing green. The kitchen is largely open to the reception room and makes for relaxed, sociable living. White high gloss handle-less cabinets have tactile quartz worktops, upstands and hob splashback. The sink unit has a waste disposal unit and hose tap.

Off the first floor landing are three double bedrooms. The main bedroom has been attractively fitted with a wall of wardrobes, the central mirror doors open to a fitted dressing table with quartz top, mirror and socket for a lamp and hairdryer. Clever! This bedroom has a fully tiled ensuite shower room with a luxurious large rainfall shower, floating wash basin, loo and chrome heated towel rail. The house bathroom is equally stylishly appointed with a bath (with shower attachment and screen above), floating wash basin and loo. It's fully tiled, has a chrome heated towel rail and a cupboard housing the boiler with good storage space for your towels and linens.

Outside the house is set back off the road behind smart railings with a planted bed providing greenery. The back garden is enclosed with a side gate, making it safe for children and pets. It's impressive and a notch above others as it has been professionally landscaped to incorporate two circular all-weather artificial lawns, neatly edged with stone and bordering a sandstone flagged seating terrace. Vertically cut sleepers create raised beds and include a bench which has been surrounded by fragrant lavender. A wooden shed provides great storage. There are two private parking space in the adjacent bay as well as various designated visitor spaces for your guests.
